- WAA is family owned and operated by born and raised proud Albertans.

What do we do?

- Aerial spraying
- Aerial seeding
- Aerial fertilizing
- Aerial spreading
- Aerial imagery/mapping
- Aerial inspection/scouting
- Product sales and storage
- Mission planning

Why do we do it?

At our core we are aviators that LOVE flying. Aerial application is REAL flying that is constantly changing and challenging. In these adversities we find joy, happiness and satisfaction overcoming them while blazing through the sky!

The WORLD is important to us. At WAA we feel that we are positively affecting the world by assisting in food and materials production while maintaining environmental and public safety.

We pride ourselves in being premier operators that deliver the BEST and only the BEST.

Anything worth doing, is worth doing well.....so why do anything less than best.

Lastly, we absolutely appreciate our customer base where a HANDSHAKE still has meaning.

Plane and simple...

**WE DO IT BECAUSE
WE LOVE IT!**
